

Digital COB Strip Light

Features/Application

- Decorative light and Background
- Architectural lighting
- Interior lighting
- Customized lighting design

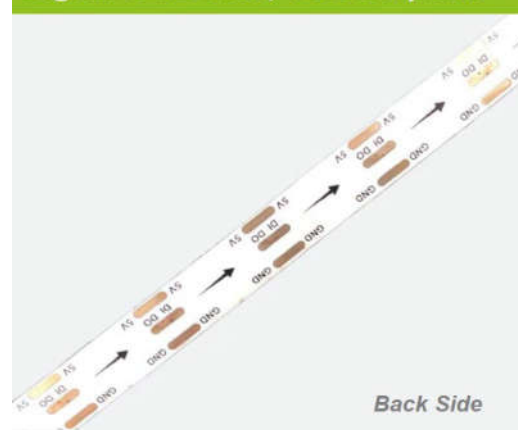

Optical Electrical data

- | | |
|---------------------|---------------------|
| • LED Type | COB Encapsulation |
| • LED Life Span | 50000hours |
| • LED / Qty | 1008chips/m |
| • Pixel/Qty | 336Pixels/m |
| • PCB Width | 10mm |
| • Input Voltage | 5V DC |
| • PCB Color | white |
| • IP level | IP21/IP65/IP67/IP68 |
| • Unit length | 20.8mm |
| • Packaging | 5meter/Reel |
| • IC Type | SM16703 IC built in |
| • Power consumption | Max 27W/m |
| • Emitting Color | RGB |

Digital COB led Tape, 336Pixel/m

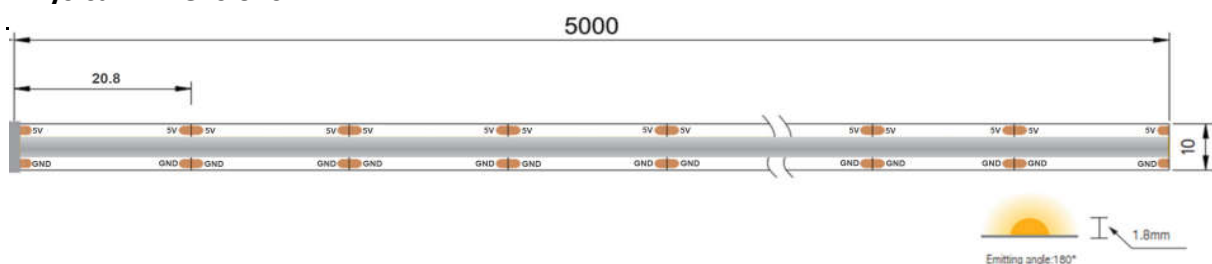

Digital COB Flex, 1008Chips/m

Optical data			
Color	R	G	B
Luminous(Lum/m)	280	600	220

PS: Never RGB Full light long time, Or The PCB will be hot to ruin the led Flex

Physical Dimensions
