

High light-efficiency Dual white

Features/Application

- Decorative light and Background
- Architectural lighting
- Interior lighting
- Customized lighting design

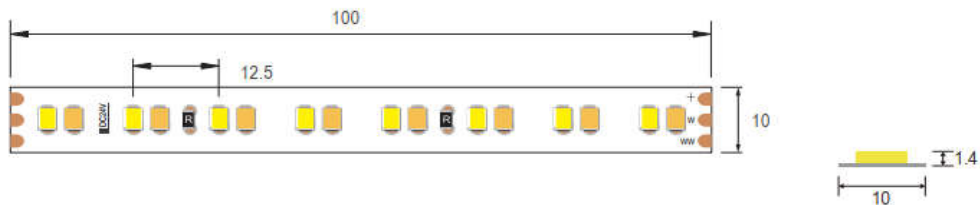

Optical Electrical data

- LED Type SMD2835
- LED Life Span 50000hours
- LED / Qty 160LEDS/M(80WW+80CW)
- Emitting Color 2700K-6500K
(Support customizable CCT)
- CRI Index 90+
- Input Voltage 24V DC
- Power consumption Max14.4W/M
- IP Rate IP21 Non-waterproof
- Unit length 100mm
- PCB Color white
- PCB Width 10mm
- PCB Thickness 3oz
- Packaging 5meter/Reel
